TCenayang with his mistress Modul-2

Basic Programming IUP2022

There is love between TCenayang and TCayang.

One day TCenayang went to a Brel concert. And Brel sings one of Avicii's famous songs. TCenayang who is sitting next to a girl and he wants her number. After he got her number, TCenayang always sent her **encrypted** love messages and always ended up with the Avicii logo. Create programs using loops, arrays and strings.

INPUT FORMAT

First line containing **D** in integer to gives how many inputs there are,

Second line containing **row[d], column[d]** to create avicii logo,

Second line containing **SN** secret number in integer,

Third line containing **M** the message,

Repeat the avicii logo, SN and the M the message until D.

CONSTRAINTS

1 ≤ D ≤ 10

1 ≤ SN ≤ 30

M message does not contain symbols (~!@#$%^&()_+ etc) *it contains just a letter and numbers not encrypted*.

OUTPUT FORMAT

display avicii logo and encrypted message
